

Scarecrow Row for Madi's House
10/3/2021 – 10/30/2021
Otto Armleder Park
5057 Wooster Pike, Cincinnati, OH 45266

Dear friends,

Scarecrow Row is a fun fall installation of unique and creative scarecrows set along the 2-mile bike and walking trail of Otto Armleder Park, located on Cincinnati's eastside next to Lunken Airport and Playfield.

Individuals, organizations and businesses submit one of a kind, themed scarecrows, that will amuse and entertain visitors throughout the month of October. It's free and family friendly.

Scarecrow Row is a proud supporter of **Madi's House**, a relapse prevention and mental health community center, serving young adults battling addiction and mental health illness in the greater Cincinnati area.

For each scarecrow that is submitted we are hoping to raise \$250 for this great cause. You can donate individually, or create a team to collectively raise the donation. Form your team today to raise money in support of **Madi's House**. We need you to help make **Scarecrow Row for Madi's House** a success, so that we can best serve the young adults who battle their illness every day.

If it's been a tough year, and you are only able to create a scarecrow that will delight the community, we understand and would still love to accept your creation.

You'll also definitely want to pack a picnic lunch or dinner, and bring your family down to experience Scarecrow Row.

Yours truly,
The Scared Crows Committee
